

# CERAMICS CLASS WITH MRS BROWNELL AND MIMI

What will they learn: Your children will learn how to express themselves through art and build self-esteem while making 3-dimensional sculptures. Ceramics has a calming effect and will encourage them to slow down and feel pride for their finished project. Ceramics promotes problem solving, spatial awareness and fine motor control.

Who are their teachers: Mrs. Brownell is a 4<sup>th</sup> grade teacher at Bancroft Elementary School and has been teaching for 15 years. Mimi has over 20 years' experience in ceramics and is a member of the Walnut Creek Ceramics Guild. Together they have over 40 years of creating masterpieces and messes from mud.

What projects will they create and bring home: Creature sculpture, Matisse inspired coiled trivet, nature impression slab plates, hand print bowls, animal pencil holders and ceramic stamps.

What will they need: Imagination and a willingness to get their hands dirty.

When: Thursdays 2:45-4:00 Starting September 27

Where: Bancroft Rm D-5

Please Return by September 25 to Mrs. Brownell, room D-5, Brownells@mdusd.org
